Design Concept

A cute panda-themed wall clock designed as a fun and decorative piece for children's rooms, nurseries, classrooms, or any panda lover's space. The panda holds the clock face in its paws, creating a playful 3D design.

Use

Perfect as a children's wall decoration and functional clock. The clock mechanism is mounted on the back and is hidden behind the panda design.

Printing Suggestions

- Nozzle: 0.4 mm
- Layer height: 0.2 mm

- Infill: 15%
- Supports: Yes – only for the hanging eyelet.
- No other supports are required.
- Multicolor printing recommended for the panda, clock face, numbers and details.
- The clock body can be printed flat on the build plate.
- Compatible with Bambu Lab Clock Components Kit-MH011 or any clock mechanism measuring 57 × 57 mm.

Assembly Instructions

1. Print the panda and clock components.
2. Install the clock mechanism through the center hole of the clock face.
3. Attach the hour and minute hands.
4. Insert the battery and set the correct time.
5. Mount the finished clock on the wall using the integrated hanging feature.
