Summary

Along with the anniversary of the 1986 Transformers the Movie, it felt apt to refresh Starscream's Coronation Set!

[Toys & Games](#) > [Other Toys & Games](#)

Along with the anniversary of the 1986 Transformers the Movie, it felt apt to refresh the earlier Coronation Set for the Studio Series MTMTE Starscream!

The crown and pauldrons require some internal rescaling to make them fit nicely to the new iteration of Starscream.

As for the cape, a new holder piece was created which pegs into his twin 5mm ports on the back. A cut to size fabric of your choosing can then be draped over the horizontal bars with the provided clips holding them in place.

Enjoy this set refreshed for our latest SS MTMTE version of Starscream - happy 3d printing! =)
