updated 8. 10. 2026 | published 8. 10. 2026

Summary

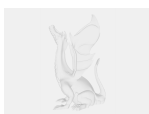

A book stand to keep your book open, or to hold your mighty scrolls.
Needs 256x256x256 in order to print

[Household](#) > [Kitchen](#)Tags: [book](#) [magic](#) [spellbook](#) [bookstand](#)

Hold your mighty spells (books) on this stand to maximize your spell effectiveness (or just to keep a recipe page open), includes a wand (pen) holder at the bottom .

The build is divided in 3 parts, each one has to be print separately and they snap in togheter (still tho i would use some glue to ensure that everything is stable)
