5-Star Dragon Ball Shift Knob for TH8S

Summon the ultimate shift with this iconic 5-Star Dragon Ball style shift knob, custom-made for your Thrustmaster TH8S shifter. Featuring the 5-star design embossed on a comfortable, spherical top, it transitions into a tapered, ergonomic base that offers excellent grip and control. It's the perfect pop-culture upgrade to bring some anime and gaming nostalgia to your sim rig.

Built for the standard Thrustmaster mount. The threads are modeled right into the base for a direct, adapter-free swap.

SIZE 45 × 45 × 57 mm (W × T × H)

PRINT SETTINGS

- **Orientation:** Upright / Threaded side down (best for clean threads and crisp details).
- **Layer height:** 0.12–0.16 mm (finer layers ensure smooth, round spherical surfaces and clean star embossing).
- **Walls:** 4–6, infill 50–80 % gyroid (high infill makes it feel solid and heavy).
- **Material:** PETG, ASA or PLA.
- **Color Tip:** Print in solid orange, then use red paint or a marker to fill in the stars on top for the authentic anime look!
- **Supports:** None required.
