Meet the Boo-tiful Ghost Cat, also known as the Purranormal Activity kitty! This adorable 3D printable figure features a playful feline dressed up as a spooky ghost, with its paws raised high in a cute surprise pose to show off its tiny paw pads. The model captures the Halloween spirit perfectly, featuring large spooky eye cutouts, pointy ears peeking through the ghost sheet, and a curling tail wrapping around its side.

This is a must-have decorative piece for cat lovers and Halloween enthusiasts alike. It is designed to stand perfectly on any flat surface without requiring a separate base, making it an excellent desk toy, shelf ornament, or festive holiday decoration.

The model is highly detailed yet optimized to be easy to paint. You can print it in white and add black details to the eyes, paw pads, and tail to bring this spooky companion to life, or use multi-color printing to highlight its playful features. Whether as a seasonal decoration or a year-round cute desk buddy, this charming ghost cat is sure to capture everyone's attention.
