Witchy Black Cat - Halloween Edition

Bring a little magic to your Halloween decorations with this adorable black cat wearing a classic witch hat!

The model features detailed fur, expressive orange eyes, and a tall curled witch hat with a fully orange band and buckle. A perfect decoration for Halloween, autumn displays, or anyone who loves spooky cats.

Designed as a multicolor print and suitable for FDM printers with an AMS or similar multicolor system. The color combination is simple but gives the model a fantastic Halloween look: black body with bright orange details.

A cute little witch is ready for printing. Humanity survives another Halloween with a tiny plastic cat.
