Summary

An action-packed 3D printable model of a tactical garden gnome pulling back an aggressive K9 attack dog on a taut leash.

Art & Design > Sculptures

Tags: dog garden army military gnome

An action-packed 3D printable model of a tactical garden gnome pulling back an aggressive K9 attack dog on a taut leash. Featuring intense facial expressions and incredible surface detail, the gnome sports full tactical gear with "DOG HANDLER" patches, a radio, and combat boots, while the service dog wears a tactical MOLLE harness. An ideal print for tactical gear fans, miniature collectors, or anyone looking for a unique garden defense ornament.
