Je-Ne-Viv - Vampire Survivors Figurine is a character figurine stl based on the Vampire Survivors game, made for collectors who search for a printable Je-Ne-Viv mini and video game character decor. Use it for desktop display, tabletop gaming collections, themed dioramas, shelf collecting, or a gift for fans of Vampire Survivors and survival roguelike games. The download is a print-ready 3d model prepared in a slicer before publishing, so you can start confidently. Sliced with 0.20 mm layer height, a 0.4 mm nozzle, 15% grid infill, 2 wall loops and PLA (supports: tree(auto)). Profile prepared on a Bambu Lab A1. Scale - 1:10. You also get the 3MF project file, not just the raw mesh.
