This deluxe, high-resolution, printable 3D model, inspired by the iconic scene from the anime "Attack on Titan," depicts Zeke Yeager, the human form of the Beast Titan, in his majestic role as Marley's war leader. Zeke is shown seated regally on a throne, exuding authority. He wears his military uniform and signature goggles, with one leg crossed over the other in a calm yet dignified posture. Directly behind him, the Beast Titan emerges in all its massive form. The Beast Titan is rendered in exquisite detail, showcasing its distinctive fur texture, powerful muscles, and imposing, ape-like presence, casting an aura of power and majesty over Zeke and his seat of power.

This model is designed to be a striking centerpiece. The architectural details of the throne, along with the contrast between the texture of Zeke's uniform and the organic form of the Beast Titan, create a captivating, dynamic effect. The entire model rests on a textured stone base, which can be separately printed for a sleek, finished look. This model is perfect for Attack on Titan fans looking for a unique piece that captures

the dual nature of Zeke Yeager: a manipulative mastermind and a terrifying force of nature. It's suitable for high-resolution resin printing for the finest details and is also optimized for FDM printing. This stunning piece is ideal for displaying on desks or bookshelves, or as part of any anime-themed collection.
