Parkside 37-Piece Screwdriver Set Adapter for IKEA Skådis

These adapters let you mount your Parkside 37-piece screwdriver set directly onto an IKEA Skådis pegboard.

Assembly & Hardware:

- Needs **4x M4x8mm bolts** and **4x M4 nuts** to attach the adapters to the screwdriver case.
- The hangers include two pairs of ears for maximum stability.
- **Orientation:** "Hanger Left" goes on the left side of the set (when looking from the front), and "Hanger Right" goes on the right side.

Print Settings & Tips:

- For the best layer strength, I recommend printing the models **sideways** (as shown in the pictures), so the hanger hooks lie parallel to the build plate.
