Summary

For storing the SD card holders described in the SD Card Accessories folder.

4.70 hrs	3 pcs	0.15 mm	0.40 mm	PLA	141 g	Prusa CORE One / +

Hobby & Makers > Organizers

A storage box for up to 12 SD card holders with some space for plain SD and microSD cards.

Using a holder for SD cards and microSD cards could help with organization and tracking of SD cards.

The cover nests over the base either as a closed box, or open as a plinth. The optional feet (requires glue) allow for stacking. The SD Card Accessory collection also includes a reference to a design for a dual microSD to SD card holder to allow microSD card storage for the SD card holders. Using holders for microSD cards makes more sense as they don't allow for much marking. A future project will be a direct microSD card card holder for this box.
