Halloween LED Night Lights - Skull, Ghost & Jack-o'-Lantern

Bring a spooky Halloween atmosphere to your home with this set of three 3D-printable decorative LED lights!

The set includes three unique designs: a creepy skull with bats and a graveyard, a friendly ghost surrounded by spooky scenery, and a sinister jack-o'-lantern. Their warm yellow glow creates a cozy Halloween atmosphere, making them perfect for a desk, shelf, bedside table, or seasonal decoration.

Lighting:

The models are illuminated using small LED lights placed inside. You can use small battery-powered LED candle inserts, such as the LED inserts commonly used in cemetery candles, or any other small LED lights.

Assembly:

The rear cover closes with a sliding mechanism (sliding latch), allowing you to insert or replace the LED light easily without permanently closing the model.

Happy printing, and have a spooky Halloween!
