Summary

A sturdy, stable stand for the ErgoKiwi knife handle with #11 blade.

[Hobby & Makers](#) > [Tools](#)

Tags: [xacto](#) [xactoholder](#) [ergokiwi](#)

Designed for the **ErgoKiwi** with #11 blade. Not tested with the one for the #2 blade because, I don't own one.

Print from PLA, PETG, or pretty much anything else. Optionally, put cork or sticky feet on the bottom for added stability. Includes an indicator for which way the blade should face, which you can print in a contrasting color or fill in with a pen after printing.

Loosely inspired by [Ergo Kiwi Holder](#) by pixillate from Thingiverse.
