Description

Description: Bring a sharp, modern geometric twist to your spooky season! This striking low-poly Halloween pumpkin blends clean, faceted lines with classic eerie charm. Featuring menacing triangular eyes, a sharp nose, and a wickedly jagged grin, it's designed to cast stunning shadows when illuminated from within.

Whether you want to print a standout centerpiece for your desk, a glowing lantern for your porch, or a trendy digital asset for your scene, this polygon masterpiece is optimized for seamless 3D printing and gorgeous rendering. Grab your orange filament and let the haunting begin!
