Tags: [children](#) [lock](#) [cabinet](#) [child](#) [adhesive](#) [childsafety](#)
[childproof](#) [childlock](#) [locking](#)

A simple, effective, two-piece cabinet latch designed to keep cabinet doors closed or child-proofed without needing to drill holes. The flexible arm flexes to catch onto the mating catch plate mounted inside the cabinet, holding the door securely until pressed down to release.

Material recommended: PETG

15% infill

Tip: Adjust the model's Z-scale in your slicer if your tape is thicker or thinner!
