updated 9. 10. 2026 | published 9. 10. 2026

Summary

Neatly adds an extra gear rack to your harness by using the Ice Screw holder attachment. Empower your OCD!

[Sports & Outdoor](#) > [Outdoor Sports](#)

Print the model in TPU sideways.

The bottom is deliberately hard to get in place to ensure it won't open during climbing

This is for holding extra gear only. Please don't use 3d prints for life support applications
