This Dart Zone Repeater Pro Twist Lock Muzzle Replacement Development Kit is a CAD-ready model of a Repeater Pro-compatible twist-lock key that can be quickly adapted and customized to add to virtually anything to the front of the Dart Zone Max Nitroshot+ Repeater Pro. Originally designed for a barrel collet receiver, this mount can easily be adapted for use with other types of collets, rifling attachments, and decorative muzzle pieces. Only two screws are required to be removed to make the repeater pro completely compatible with whatever you design.

FEATURES:
• Dart Zone Repeater Pro Twist Lock Muzzle
• CAD-ready custom Repeater Pro Twist-lock*

• Add virtually anything to the front of your blaster
• Ready to design and adapt to blaster projects

*This model is not usable by itself. Further design is necessary, including but not limited to chamfers, filets, and holes for mounting hardware.

FILES INCLUDED:
• 1 Dart Zone Repeater Pro Twist Lock (F3D, STEP, + 3MF)
