About this model:

This storage box is designed to organize your electric screwdriver and precision tools. It features a compartmentalized base and a hinged lid.

Features & Storage:

- A main compartment along the length for an 18x180mm electric screwdriver.
- 46 dedicated slots for standard 28mm bits.
- 6 slots for 45mm bits.
- Specific side slots for a spatula/spudger and precision tweezers.
- A small rectangular compartment designed for a magnetizer.

Print Settings:

- Material: PLA
- Infill: 15%
- Orientation: Print the parts flat on the build plate.

Required Hardware:

- 2x M3x15 screws for the lid hinge assembly.
