I needed an Adapter for using my Dewalt DXVCS002/003 with my Metabo ASA30L Shop Vac. The ASA30 has around 57mm vac outlet - i don't know if it fits other Metabo models.

Put it into the Metabo Vac and connect the hose that comes with the DXVCS dust seperator. It is designed as PressFit

Used Print Settings:
4 Perimeters
15% gyroid infill
