Summary

Extra long light blocker for the Steam Frame.

Gadgets > Virtual Reality

Tags: light frame super steam seal ergonomic long nose blocker extra steamframe

If the extended light blocker from Valve is not long enough for you, try this! This light blocker is modified from Valve's official CAD with about a half inch of extra length and is slightly wider with fins to block the gap around the face cushion! I also added a little more thickness to make it easier to print.

This remix is based on
