50+ ducks and counting on Patreon: <https://www.patreon.com/DuckHeroes>

The Print & Sell License tier gets you:

Sell every print you make. Keep every dollar.

40+ new ducks every month. Fresh stock to sell, always.

Your brand on it. No credit needed.

Raw Fiend Rubber Duck

A skinless creature with glistening red muscle fibres, white tendons and bared teeth. Perfect for desks, shelves, or just collecting.

STL + 3MF

4 Color

Filament colors recommended:

Standard PLA Brown

Standard PLA Red
Standard PLA Light Brown
Standard PLA Beige

⚙️ **Print Settings**

Layer height: 0.20 mm

Infill: 15%

Material: PLA (recommended)

Also works with: PETG, ABS, ASA and TPU (flexible) on most FDM printers

Multicolor 3MF: for multi-color FDM printers (AMS, MMU or similar)

Supports: optional tree supports under wings or ears if your slicer flags overhangs

LICENSE

This free download covers personal use only. Selling prints requires a commercial license, included with the Print & Sell License tier on Patreon. Your selling rights stay active for as long as your membership is active. Selling or sharing the digital files is not allowed. Full benefits are on the Patreon page.
