updated 15. 10. 2026 | published 15. 10. 2026

Summary

Wall shelf holding 2x4 Gridfinity or Gridfinity Brix modules.

Hobby & Makers > Organizers

Tags: shelf gridfinity gridfinitybrix

Mounts with 3 screws on 64mm spacing. Note that the open bottom space of Brix means that 1x1 modules don't work well unless all spots are filled with something.

Shown with the Brix Whiteboard Kit.
