Summary

Six round cookie stamps for Christmas baking: press into the dough and cut round the edge.

Seasonal designs > Winter & Christmas & New Year's

Tags: kitchen christmas cookie baking openscad xmas cookiestamp gingerbread nosupports

Press these into rolled sugar-cookie, shortbread or gingerbread dough for a raised Christmas pattern: snowflake, tree, star, gingerbread man, bell and holly. Dust the stamp with flour, press, lift, and cut round the edge with a glass or cutter.

DETAILS

• 60 mm stamps with a 28 mm handle, 40 mm tall. The designs are mirrored so they come out the right way round, and the raised edges taper so the dough lets go.

• Prints face up with no supports: the handle flares out at 45 degrees to the face. Bambu Studio: 3 h 23, 106 g for all six.

• Use a food-safe filament (for example PETG) and wash by hand. Dough sticks less to a smooth top surface: try ironing the top layer.

CUSTOMIZE (OpenSCAD)

Stamp size, relief height and which designs to print.

Designed with AI assistance (OpenSCAD). Rendered images; not printed yet.
