Keep your rolls on the table: a hexagonal rolling tray whose sloped inner walls bounce dice back to the middle, with a recess in the floor for a felt or cork pad that makes rolls quieter.

DETAILS

- 170 mm across the flats, 32 mm deep. The pad recess is 1.5 mm deep: cut a hexagon of self-adhesive felt to fit.
- Prints with no supports: an open tray whose inner walls lean out at 45 degrees. Bambu Studio: 2 h 43, 111 g.

- Goes with my Polyhedral Dice Set.

CUSTOMIZE (OpenSCAD)

Size, wall height and pad depth.

Designed with AI assistance (OpenSCAD). Rendered images; not printed yet.
