Tags: [wallet](#) [minimalist](#) [pocket](#) [cardholder](#) [openscad](#) [edc](#)
[slim](#) [nosupports](#) [cardwallet](#)

A slim sleeve for your everyday cards: slide in six to eight bank cards, push them up through the thumb slot to pick one out, and slip it in a front pocket. A diamond pattern on the back keeps it light.

DETAILS

- 59 x 10 x 66 mm for 7 cards (85.6 x 54 mm). The tops stick out so they're easy to grab.
- Prints standing up with no supports: open top, straight walls, and the diamond holes have 45-degree tops. Bambu Studio: 58 min, 17 g.

- PETG or TPU flex a little and grip the cards better than PLA.

CUSTOMIZE (OpenSCAD)

Number of cards, sleeve height, wall thickness and the back pattern.

Designed with AI assistance (OpenSCAD). Rendered images; not printed yet.
