updated 16. 10. 2026 | published 16. 10. 2026

Summary

Keep your small cartridge-based games in your slide storage box.

[Gadgets](#) > [Video Games](#)

Adding a color changes at 0.8mm can help with organization and readability of the label.

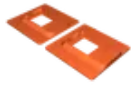

I am still testing and optimizing so any feedback would be great!

What game cart should I add next?
