This is a bust featuring the iconic Transformer Soundwave. It features Soundwave, and his iconic visor and shoulder cannon, and it also includes the cassette door. The plaque reads: Soundwave in cybertronian writing. This model has been optimized for single, and multicolor printers.

Suggested Print settings:

0.4mm nozzle with 0.2mm layer height.

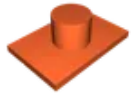

Tree supports on build plate only.

And filaments arranged in this slot order:

1. Light Gray/ Silk PLA Silver
2. Yellow/Silk PLA gold
3. Red/Silk PLA Red
4. Dark Blue/ Silk PLA Dark blue

Do not paint if multicolor. For the cassette door, I suggest printing in a pale light blue filament. Do not print with PETG, ABS, or TPU. Only print with PLA
