A keychain with the old X-Men series logo.

Design Highlights

- **Reinforced Loop:** Extra-thick attachment point to ensure the keychain survives daily wear and tear on your keys, clothes or gear.
- **Low Material Cost:** The keychain uses **3g of filament**.
- **AMS:** The keychain is designed to be printed using an **AMS**
- **NO AMS:** You can also print this without an AMS by adding a pause in your slicer at **Layer 11**. When the printer pauses, simply swap your filament and resume!

Recommended Print Settings

- **Nozzle:** 0.4mm (Standard) or 0.2mm (for ultra-sharp text).
- **Layer Height:** 0.16mm or 0.20mm.
- **Wall Loops:** 5 (Recommended for loop strength).
