A haunting Grim Reaper lamp designed for an easy, atmospheric Halloween print. The flowing translucent robe catches and diffuses the light, bringing out the folds and textures of the Reaper when illuminated.

The design is intentionally simple to print and assemble:

- **No AMS required**
- **Easy print**
- **Minimal supports**
- Grim Reaper **simply sits over the lamp/light base** - no attachment needed
- The **black skeleton/skull piece is printed separately and glued onto the Grim Reaper**
- Great with translucent filament for a glowing, ghostly effect
- Ideal for Halloween displays, desks, shelves, or ambient decor

The separate skeleton detail gives you the two-color appearance without requiring an AMS or complicated filament changes.
