Articulated Spine

Currently it's a toy, will still work on it! :)

To make it any length move the shorter version **39.36mm** Its also possible to join them by clicking them in place

Don't forget to move it a bit after printing I'm also planning to scale it up, turn it into a bracelet, mabe add some way to lock in together at the ends.

If u have any suggestions or any issues with the printing, **comment** :D
