Try KOGI LAB for free at kogilab.com ! Meet the Mini Articulated Ghost Keychain!

This little ghost features a cute stylized design with a **mini articulated body** that gives it just enough movement to wiggle around while keeping the model compact enough to carry with you.

It also has a **built-in keychain loop**, so you can attach it to your keys, backpack, bag, or anywhere else that needs a tiny ghost companion.

Because this one is designed as a mini, the entire model **prints in place as a single piece — no assembly or gluing required**. Just carefully free up the joints after printing and it's ready to go!

Features

- Cute stylized **mini ghost**
- **Articulated moving body**
- Built-in **keychain loop**
- **Print-in-place design**
- **No assembly required**
- Small and compact
- Perfect for Halloween
- Great for keys, bags and backpacks
- Fun for multicolor printing
- ✂ Quick little print

Recommended Print Settings

- **Printer:** FDM
- **Layer Height:** 0.15 mm
- **Infill:** 10–15%
- **Walls/Perimeters:** 2
- **Material:** PLA recommended

- **Nozzle Temperature:** 210–220°C
- **Bed Temperature:** 55–60°C

⚠ **Scaling Notice**

This model has been carefully tuned for smooth articulation at its original size. Scaling the model up or down may change the joint tolerances, causing the joints to become either too tight or too loose.
