Meet my new **Realistic Demon Skull Wall Decoration!**

This model combines realistic skull anatomy with a darker demonic look, featuring large horns, aggressive features, and plenty of sculpted surface detail. I wanted it to feel more like a **dark fantasy creature skull** you might find hanging on the wall of a dungeon, workshop, gaming room, or Halloween display.

It's quite a change from my recent articulated releases, and I really enjoyed working on something more realistic this time.

Features

- **Realistic Demon Skull design**
- Detailed dark fantasy appearance
- Realistic skull-inspired anatomy
- 🐱 Large demonic horns
- Plenty of sculpted surface detail
- Designed specifically as a **wall decoration**
- Perfect for Halloween and horror displays
- Great for gaming rooms, studios and workshops
- Looks great in natural, bone, dark or fantasy color schemes
- Designed for FDM 3D printing

Recommended Print Settings

- **Layer Height:** 0.15 mm
- **Infill:** 10-15%
- **Walls:** 2
- **Material:** PLA recommended
- **Nozzle:** 0.4 mm
- **Nozzle Temperature:** 210-220°C
- **Bed Temperature:** 55-60°C

For this model, using a **smaller layer height will help bring out more of the sculpted skull details.**
