The Repeater Pro Speedloader is a 3D-printed tubular stripper clip designed by Luchathor to quickly reload the Dart Zone Max Nitroshot+ Repeater Pro lever-action blaster. Featuring a double-stacked 12-dart capacity, this device fully reloads the Repeater Pro tube mag in seconds. Its pronounced thumb rest and external follower prevent jams from user error. Additionally, these speedloaders can...more coming soon...

Each Speedloader requires the following:

- 1 Heat set M3x6.4 (inserted into the follower)
- 2 Square Hex nuts (both inserted onto the thumbscrew, acts as a spacer)
- 1 M3x14 Thumbscrew

Optionally, for future use..... :

- 2 magnets 0.25 in. Diameter x 0.1 in.
