Grin Reaper — Halloween Pumpkin Lantern

Some pumpkins smile. This one knows something you don't. 😈

With angry eyes and a wicked, toothy grin, this jack-o'-lantern is ready to haunt your shelf, guard your candy stash, or judge your Halloween costume in complete silence.

Pop off the **removable lid**, place an **LED tealight inside**, and let that mischievous face glow! Leave the lid slightly tilted for an extra touch of personality — even pumpkins deserve to wear their hats at a jaunty angle.

Spooky features:

- A wicked grin with plenty of character.
- Removable lid with a curved stem.
- Glowing eyes, nose, and mouth when lit from within.

- A fun Halloween decoration for shelves, desks, and windowsills.

Use LED lights only — no real candles or open flames. This pumpkin enjoys looking terrifying, not getting toasted.

Printed your own little troublemaker? Share a Make — let’s see those grins!
