Summary

Pegboard designed for table mounting. STEP Files.

[Hobby & Makers](#) > [Organizers](#)

Tags: [pegboard](#) [pegboardorganizer](#) [pegboardtable](#)

Pegboard measuring 220 x 240 x 9.

It is designed for table mounting using screws (Ø 4 mm).

The 'Pegboard_Mount' can be attached to the pegboard using M4x16 screws in accordance with ISO 7380 and M4 nuts in accordance with ISO 4032.

For stability reasons, I recommend a Gyroid Infill of at least 20%.
Using STEP files for slicing results in higher-quality printed parts.

I designed the model myself. The product image was rendered using Autodesk Inventor and refined for realism using AI.
