The Right Size for Almost Every Bottle

Keep your workshop, garage, or maker space organized with this collection of bottle and spray can holders designed for the IKEA SKÅDIS pegboard system.

Instead of a one-size-fits-all solution, this set includes multiple holder sizes to securely accommodate a wide range of bottles, spray cans, lubricants, cleaners, and maintenance products.

Available Sizes

The following inner diameters are available:

- Ø 38 mm
- Ø 40 mm
- Ø 50 mm
- Ø 54 mm
- Ø 59 mm
- Ø 67 mm
- Ø 70 mm

This range covers many common workshop sprays, bike maintenance products, cleaning agents, and utility bottles.

Easy Size Identification

Each holder features the diameter as a recessed marking integrated directly into the model.

For multi-color printing or filament color changes, the recessed text can be highlighted automatically, making it easy to identify the correct size at a glance when multiple holders are mounted next to each other.

T-Clip Compatible

The holders use the excellent SKÅDIS T-Clip mounting system, allowing secure installation while remaining easy to reposition whenever your storage setup changes.

Features

Designed for IKEA SKÅDIS pegboards
Compatible with the T-Clip mounting system
Available in 7 popular diameters
Integrated recessed size marking
Secure storage for bottles and spray cans
Labels remain visible and easy to read
Modular and easy to rearrange
Optimized for support-free printing

Perfect For

- Bike maintenance products
- Chain lubricants
- Brake cleaners
- Silicone sprays
- WD-40 and similar products

- Workshop chemicals
- Cleaning products
- Water bottles
- Sports bottles
- Other cylindrical containers

Build Your Own SKÅDIS Storage Wall

Mix and match holder sizes to create a customized storage solution for your workshop. The integrated diameter markings, clean design, and T-Clip compatibility make it easy to build a professional-looking organization system that keeps frequently used products visible, accessible, and off the workbench.

Happy printing!
