Tags: [feet](#) [chair](#) [chairfoot](#) [chairleg](#) [feltpad](#)

21mm leg feet for Søstrene Grene chairs. For use with 21mm adhesive felt pads, that I superglue.

Should also work with any other generic chairs with 13mm inner dimension and 15 degree leg angle.

8/7-26 I have been keeping the chairs alive with these for 5 years now. Sometimes I just glue a new adhesive, but I have since printed them in PETG, because one or two has snapped through the years.

I have been through several revisions but ended up back on this simple one, and shared the final outcome as "V2".
