Summary

JBL Control 28 Invisiball Mount

[Gadgets](#) > [Audio](#)

Tags: [jbl](#) [invisiball](#) [jblcontrol](#) [jblcontrol28](#)

Home made JBL Control 28 Invisiball mount with a M12 threaded rod.

Keeps my JBL in place on the wall. Printed at 50% infill, and I can't crush the ball, and the speaker stays firmly in its place.

04/10-25

One of the speakers started sagging slightly. Now testing with a 35MM ball.
