Bonnie the Lucky Highland Cow – St. Patrick's Day Edition is ready to bring charm and a little extra luck to your collection. With a playful green bow and a tiny clover held gently in her mouth, this festive version adds a cheerful seasonal touch to any desk or shelf.

Designed in a print-first sculptural style, Bonnie features layered fur in embedded relief rather than fragile strands, keeping the silhouette clean and durable. The bow and clover are fully integrated into the model, ensuring stability and reliable printing in multi-colour.

The model can be safely scaled up for a larger display piece, which enhances the depth of the fur texture and decorative details. Downsizing is not recommended, as the finer elements such as the bow and clover may lose definition at small sizes.

Important: Please remove supports carefully around detailed areas to avoid damaging small features.
