19 small figures inspired by the Mecca Chameleon hide-and-seek game. Print them, paint them to match a spot, and hide them around the house or office. Then see who finds them first.

Each pose is a separate file, so you can print only the ones you like. They range from about 3 to 9 cm.

You can also leave them white and let kids paint them.

Files are 3MF: same models as my STLs, just lighter to download. They open in PrusaSlicer, Bambu Studio, OrcaSlicer and Cura.
