Summary

Mini Workstation Pegboard Hanger

[Hobby & Makers](#) > [Organizers](#)

Tags: [organizer](#) [tabletop](#) [foldable](#) [pegboard](#) [workstation](#)

This is a compact pegboard organizer that combines tool storage with fold down work surface. Designed for makers, hobbyists, and anyone who needs convenient access to tools and small hardware without taking up too much space.

Features:

- Fold down work surface
- Gravity-hanging storage pockets
- Magnetic closure
- Upper storage compartments
- Divided hardware Trays
- Compact design

Required Hardware:

This organizer is designed to mount to a Ikea Skadis pegboard.

I used 2 uxcell 200mm x 4mm steel rods off Amazon for hinges. <https://www.amazon.ca/dp/B082ZP1XHD>

And 8pc 8mm x 2mm TRYMAG Neodymium magnets. <https://www.amazon.ca/dp/B096ZSWJ23>

Pegboard & Mounting Hooks:

Skadis Pegboard, all sizes 80 to 360mm by Robert G: <https://www.printables.com/model/1473739-skadis-pegboard-all-sizes-80-to-360mm>

Compact Pegboard Hook - (Ikea Skadis) by CovertContours: <https://www.printables.com/model/94126-compact-pegboard-hook-ikea-skadis>

The pegboard and hooks are separate designs and are not included in this download. Credit to their respective creators.

This is my first version of the organizer. Future updates may include additional features.

Assembly:

Print Workstation, Backboard Pockets, Hinged Pockets, and choice of hardware trays.

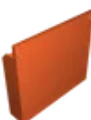

Install the 8 neodymium magnets checking polarity before securing.

Using 4mm Steel Rod attach Workstation to Backboard pockets and Hinged pockets to Workstation.
