The painting "Cat moon halloween" for my [Light frame for hueforge / lithophane arts](#)

This work was created for "Halloween 2026: Make It Move "
Among the movable elements there is a hinge for the foot, which acts as a stand for the frame

Unfortunately, a photo cannot convey the full beauty and vibrancy of the paintings

Printing recommendations:

- To achieve the best effect, use a 100% fill
- I recommend calibrating the flow to avoid minor defects (flow ratio = 1)

- To achieve the best effect, do not change the height to change colors

Color Settings:

- Start with **Transparent** Yellow
- At layer #9 (0.80mm) swap to Orange
- At layer #19 (1.60mm) swap to Violet
- At layer #23 (1.92mm) swap to Black for the rest
