A 3D-printable magnetic toggle switch tracker for keeping track of recurring tasks such as feeding pets, watering plants, taking medication, or completing daily chores.

Available in 1-, 3-, and 7-toggle versions, with 2- or 3-position switches. Multi-toggle versions include a reset lever to return all switches to their starting positions at once. 2- and 3-position switches and their latches are

interchangeable, so just pick and print the combination of case and switches that you desire.

Attaches to a fridge or other magnetic surface. Uses 20x6x2 mm magnets - 1 piece for the single toggle, 2pcs for the triple toggle, 4pcs for the 7-toggle.

Available in STL, STEP and F3D (Autodesk Fusion) format so you can change the dimensions or number of switches if you need to.
