updated 28. 10. 2026 | published 28. 10. 2026

Summary

Designed for mounting M39 lenses onto Sony E-mount cameras (version 2).

[Gadgets](#) > [Photo & Video](#)

Designed for M39 lenses with a 28.8 mm flange focal distance.

The adapter consists of two parts that are glued together. The upper part of the adapter comes in two variations: conical or cylindrical. The parts are assembled using super glue.

Print part with thread using a layer thickness of 0.1 mm.
