Vertical desk holder designed for Sakura Micron pens. Holds 24 across two tiers. Also Rotring Tikky, though they stick out a little higher. Holes are 11mm wide so anything else with a barrel that size ought to work.

Print Settings

Printer Brand:

Prusa

Printer:

i3 MK2S

Rafts:

No

Supports:

No

Resolution:

0.15 Linear Advance

Infill:

Standard

Notes:

Print standing up, not on its side. I printed using a generic PLA I had lying around with a stock profile in Slic3r, without brim. No supports required.
