Create an instantly recognizable horror look with this Hannibal Lecter inspired mask. The design features the iconic mouth restraint, vertical metal bars, and distinctive side extensions, recreating the unsettling look associated with the famous fictional character.

Perfect for Halloween costumes, horror cosplay, themed parties, or as a display piece for fans of psychological thrillers and classic horror movies.

The mask can be 3D printed in different colors to suit your costume. Use orange for a bold, eye-catching look or choose a neutral color for a more movie-inspired appearance.

A great 3D printing project for horror fans, cosplay enthusiasts, and collectors of iconic movie-inspired props.
