Summary

This Halloween candy dispenser is a fun take on the pumpkin candy bowl! Stem lifts and dispenses candy into the mouth.

Tags: [halloween](#) [candy](#) [halloweendecoration](#)
[halloweenpumpkin](#) [candybowl](#) [candydispenser](#)
[halloweenspooky](#)

A mechanical lifting stem dispenses candy into the lower bowl.

Can also be used for game dice, other snacks, or anything else roughly the size of a fun sized candy.

Easy to assemble, printed spring and threaded pump stem. Back of pumpkin folds open to load candy and printable pin holds it together.

Model is parametric so it can be resized, but the Small/Mini Version does not support standard LED votive candle in the nose. (micro sized LED needed <https://a.co/d/042EPIY8>)

Entry into Prusa/Shapr3D Halloween Contest.

RECOMMENDED PRINT SETTINGS:

-Infill 3% Gyroid

-Modifier Slab (Height 0-1in) 100% infill for lifting counterweight
