Summary

This is a remix of Rexstuff's model. I had a printed bracket break, so I beefed this one up a little.

This is a remix of Rexstuff's model. I had a printed bracket break, so I beefed this one up a little. I recommend printing it laying down, as that will give additional strength by not having the layer lines be parallel to the force when used. For a cleaner look however it can be printed standing up with a brim.

I printed with PETG, and recommend something that is suitable for outdoor use.

This remix is based on
