Summary

Super customizable inserts for the excellent bins from Jerrari

Hobby & Makers > Organizers

Tags: parametric drawers openscad gen2 bins jerrari modulith

I'm a big fan of Jerrari's GEN2/MODULITH storage system (https://modulith.systems/catalog/) and wanted more divider options than just his small parts drawers, so I made this! (By which of course I mean that Claude made this.)

I'm actively adding features as I run into other things I want/need so please feel free to send requests!
