Summary

shoot Q-tips at your freands with this fun model

[Toys & Games](#) > [Other Toys & Games](#)

3D-Printed Q-Tip Crossbow

Add a little fun to your 3D-printing collection with this compact, crossbow-shaped hobby model designed around Q-tips (cotton swabs)!

Features

- 3D-printable design
- Looks great in multiple filament colors
- A fun maker project for your 3D-printing collection
- Compact design that doesn't take up much space

Printing Information

This model is intended for 3D-printing enthusiasts. Print settings, material choice, and any assembly requirements may vary depending on your printer and the model files.

⚠ Safety: Use only in a safe, controlled environment. Never aim at people or animals, and keep away from eyes and faces.

If you print one, feel free to share your make and show off your color combinations!

Happy printing!
